

**TEACHER EDUCATION**

# TEACHER EDUCATION

## Preparing student teachers for future education

Innovative Teacher  
Education

Technology-enhanced  
learning

Creative Teaching Methods

(Student)  
Teacher  
Agency

The aim of the Cloud Teacher Education is to find and share innovative teacher education practices, to discuss them, to analyze them and to learn from them. Central questions are why is this teaching practice innovative, and what factors support and do not support (beginning) teachers' agentic behavior and feeling of ownership through these practices.

# Educators' Professional development

Professional Development

Educators as Researchers

**EDUCATORS'  
PROFESSIONALISATION**

Professional Identity

Roles of Educators

## COORDINATORS

**Henderijn Heldens**  
h.heldens@fontys.nl

**Nanke Dokter**  
n.dokter@fontys.nl

This cloud involves the professional development of teachers and trainers (post initial teacher education), roles of educators & mentors and professional identity.

Come and join us! Building a community: educators meeting each other!

**STRATEGIES TO IMPROVE TEACHING  
AND LEARNING ENVIRONMENTS**

# STRATEGIES TO IMPROVE TEACHING AND LEARNING ENVIRONMENTS

## Cloud 3

Creative Collaboration

Innovative Teaching & Learning

International Collaboration

Lifelong Learning

Cloud 3 is about different ways to approach collaborative learning, Lifelong Learning and teaching quality improvement. Cloud 3 is interested in exploring participants' collective insights into e.g. collaborative research, design, ontological methods and tools where research and practice meet.

**INNOVATION IN EDUCATION: IMPROVING  
LEARNING AND WELL-BEING**

# INNOVATION IN EDUCATION: IMPROVING LEARNING AND WELL-BEING

Evolution of Education: four stages from 1.0 to 4.0			
Education	Orientation	Learner	Educator
1.0	input and authority	passive recipient	authority
2.0	output and testing	memorizing input	expert
3.0	student and learning	exploring new questions	facilitator
4.0	co-creation and innovation	co-shaping the future	generative coach

## Welcome!

Learning from the emerging future.  
The learner as co-creator of powerful learning environments.  
The educator as generative coach.  
Co-sensing and actualising highest future possibilities.  
Co-shaping a better future using Theory U.

**LEARNING IN DIGITAL ERA:  
ENHANCED LEARNING**

# Cloud 6

## ICT, MEDIA AND LEARNING

Technology Enhanced Learning

Collaborative Education

Learning Analytics

Social Media and Learning

ICT enabled Lifelong Learning

This cloud involves studies and projects related to educational environments in which ICT and new media play a central role for enhancing formal and informal learning within the educational context as well as in the organizational and corporate learning context.

**ASSESSMENT & EVALUATION**

# IT'S ALL ABOUT ASSESSMENT

## Cloud 10

Exchange good ideas and experiences

Ways of assessment

Research on assessment

Building assessment literacy

Exploring the relationship between assessment and learning

Methods and effects

## COORDINATORS

Jeroen van der Linden  
jeroen.vanderlinden@han.nl

Fer Boei  
f.boei@windesheim.nl

This Cloud invites everyone who wants to discuss and exchange experiences regarding assessment. Within the field of assessment all topics are valid: from forms of assessment to assessment literacy! The cloud is intended to be a platform within which research(outcomes), experiences regarding construction and delivering can be shared and discussed with peers!

# **PRACTICE BASED RESEARCH METHODOLOGY**

## PRACTICE-BASED RESEARCH METHODOLOGY

Practice-based research

From cases to framework

Practitioner research

Relevance, rigor and ethics

Innovative methods

### COORDINATORS

**Niek van den Berg**  
n.van.den.berg@aeres.nl

**Marco Mazereeuw**  
marco.mazereeuw@nhlstenden.com

**Lisette Munneke**  
lisette.munneke@hu.nl

This cloud is a network for researchers and practitioners who want to exchange and create knowledge about innovative practice-based research methods. The aim of the cloud is to identify possibilities and issues concerning the relevance, the rigor and the ethics of doing practice-based research.

## Cloud 12

Professional development of leaders

Distributed leadership

Leading a culture of inquiry

Stimulating teacher learning

Cloud 12 is open to practitioners and researchers who are interested in leadership in education. The cloud involves practice-based studies and projects related to leadership in primary, secondary and higher education.

windesheim.nl

**STARTING RESEARCHERS**

## STARTING RESEARCHERS

Cloud 13 is **expanding into becoming** a vibrant international network for starting (EAPRIL) researchers. The exciting road towards becoming a practice-based researcher is our main subject. On this journey, the cloud aims to provide starting (EAPRIL) researchers an informal platform to learn, exchange ideas, find support, meet, socialise etc.

and jump in!**

**INCUBATOR CLOUD FOR  
ORGANISATIONAL LEARNING IDEAS**

COORDINATOR

This cloud is a platform open to any practice based research that shows, critically evaluates, or comprehensively endorses real practices of organizational learning.

Organizational learning covers many processes of change in, individual and shared thought and action, which is affected by and embedded in the institutions of an organization. An organization is defined as a decision-driven social order.

Each year we focus on a specific theme!
