

GO! A-Maze

Laarbemdeweg 17, Beringen

**Innovative secondary education inspired by the Scandinavian education model.**

### **SURPRISE YOURSELF BY BECOMING WHO YOU DREAM OF BEING!**

Since September 1, 2020, A-Maze has brought an amazing new and innovative school concept in Beringen, Flanders. A-Maze is the innovative secondary school in Beringen. A-Maze focuses on meaningful, relevant, and current education, inspired by the Scandinavian education model.

#### **What makes us innovative?**

We offer a different class schedule, evaluate differently, and focus on the interests of the individual student. We learn our students everything they need to learn in the most meaningful way. Some learning goals are achieved through projects, others outside of them. This way, we ensure that our students learn with enthusiasm in a real-life context.

Students are guided by a coach who helps to create their schedule, reviews their results together with the students, and listens to how they feel at school.

#### **What makes us unique?**

Brain-friendly learning and education tailored to the biorhythm of adolescents

#### **Program:**

- Setting goals
- A-Maz(e)ing introduction by Annelies
- I-Z-X -> Workshop for visitors / attending a class
- Q&A with students and coaches
- Pitstop "Have all goals been achieved"?
