The KT school group stands for powerful primary education for children aged 2.5 to 12 years. The group comprises 7 campuses with 13 locations, each with its own uniqueness and character. With approximately 180 enthusiastic staff members and more than 2000 children, we work together daily to build the future.

Our campus is located in the heart of the Katharina district. Close to the city yet surprisingly green, we work with differentiation and full dedication to the development of young children.

Always focused on the future, with an eye for vulnerability.

Discover the ingredients of the KT-DNA: innovation, collaboration, inspiration, belief in growth potential, and learning.
