Hazelwood Integrated College is a school dedicated to the pursuit of educational excellence through the promotion of social, cultural and religious education.

We are a top performing Non-Grammar School in North Belfast, based on 5 GCSEs A*-C. At Hazelwood, we believe that there is talent in every child, and our role is to encourage and inspire this talent to flourish.

Our vision is to produce happy, thriving and successful young people, who are well-equipped to make their mark on the world.

At Hazelwood, we believe in the importance of learning beyond the classroom. We provide a variety of activities that seek to enrich a student's learning experience, improve social skills and further enhance the skills and aspirations of our students.

Extra curricular clubs and opportunities range from sporting activities and various musical clubs, to cookery club and the prestigious Duke Of Edinburgh Award.

Academic, Sporting and Pastoral excellence are what we strive for.
2. Irish Language Medium School: Bunscoil an Tsleibhe Dhuibh

The 1st Irish Medium school was founded by parents in 1971 with 6 children and was housed in a former mobile home used by families burnt out of their homes in Bombay Street in Belfast. It was un-recognised by the state and by the church and therefore unfunded until the 1980’s.

As knowledge of the Irish medium system grew, demand grew and other schools were founded in Belfast, Derry and elsewhere. Our school, Bunscoil an tSléibhe Dhuibh, was founded in 1993 with 7 pupils housed temporarily in a leisure centre. The school was founded by local parents who kept the school going (financially as well) until it was formally recognised and granted financial aid in 1996. As the school grew, we added mobile classrooms to the site.

In 2005 we built a brand-new school for our pre-school (2-year programme) and our primary school; pupils aged 4-11. We are classed by the inspectorate as an Outstanding school, and we have a very good relationship with our families and our community.

We now have 220 children and most of them transfer to Coláiste Feirste, the Post Primary Irish Medium school. There are currently 10 Irish Medium Primary schools in Belfast alone with over 6000 pupils in NI.

School comprises of three parts:

- Playgroup: 3 year old children in the 1st year of our immersion programme
- Nursery Unit: 4 year old children in their pre-school year (year 2 of the immersion programme)
- Primary school: P1-P7 primary phase of formal education
