

5 REASONS TO JOIN **eapril**

COMMUNITY

Join a dynamic community of practitioner researchers from diverse educational and corporate contexts in Europe. As an EAPRIL member you can access the members-only message board, exchange research and ideas, and contribute to lifelong learning in education.

CLOUDS

The clouds form smaller networks within EAPRIL to allow practitioner researchers to network in their specific field of interest. Exchange ideas with your cloud on the forum as an EAPRIL member.

CORPORATE

EAPRIL joins forces with partners from the corporate world to exchange organisational and educational learning experiences. Reports such as the European Learning Compass and the Informal Learning Guide are the result, provided free of charge to EAPRIL Members.

CONFERENCES

Our annual EAPRIL Conference offers you the opportunity to present your research and interact, share and collaborate with like-minded practitioner researchers. EAPRIL members benefit from a reduced registration fee.

PUBLICATIONS

EAPRIL publishes special issues in collaboration with international journals, as well as bimonthly newsletters with inspiration for your practice. EAPRIL membership gives you free access to all EAPRIL publications, and alerts you on the latest issues of Educational Research Review, Learning & Instruction, and Frontline Learning Research, publications of our sister association EARLI.
