

Primary school Ciril Kosmač Piran, Unit Portorož

Name of the school	Primary school Ciril Kosmač Piran, Unit Portorož
Address of the school	Sončna pot 20B, 6320 Portorož
Short presentation of the school	<p>Primary school Ciril Kosmač Piran symbolizes a blue boat - a dolphin that proudly and lightly, like a thought, glides on the sea - the sky. Three friends, firmly united in embrace, lead it. They know that they will only be able to sail safely through the sea of life with total strength and knowledge. The school is an UNESCO-associated school. They work in the spirit of a culture of peace and nonviolence, tolerance and cooperation, acceptance of difference, in the deep concern for the personal development of each individual and for the preservation of the natural and cultural heritage and the wider our common home planet Earth. The work of the school is based on the four Delors' pillars of education for the 21st century, which enable children to develop the optimal development with Learn to know! Learn to work! Learn to live together! and Learn to be! The school has two units, one in Piran and one in Portorož. The Portoroz unit school is located on a hill above the city center of Portoroz. Hidden between greenery offers space for four classroom classes. Because of its small size, the youngest pupils feel homely and independently discover hidden corners. With our knowledge, our parents and outside colleagues are enriching our lessons. We are also visited by grandmothers and grandfathers, as well as by the locals who teach us through stories and testimonies and encourage us.</p>
