

Secondary School Izola, Izola

Name of the school	Srednja šola Izola - Secondary School Izola
Address	Ulica Prekomorskih brigad 7, 6310 IZOLA
Short presentation of the school (approx. 50 words, can be also more)	<p>Secondary School Izola began its operation in 2013 by merging two schools: Secondary School of Tourism and Catering, which was founded in 1960, and Secondary Medical School in Izola, which began in the year 1950 of the last century. Within this period, the school has undergone many changes and is now adapted to the needs of the development of tourism, hospitality and health activities in the local area.</p> <p>Secondary School Izola is a vocational and technical school, which is located in Izola, a small coastal town, encompassed in a bilingual area on the border with Italy.</p> <p>The Institute was established to train students and adults to work in various professions requiring the level of vocational, technical and vocational technical education. Students are trained for jobs in tourism and catering, for jobs in early childhood education and for jobs in health care and cosmetics. In the department of Tourism and Hospitality, school carries out training for careers in hospitality and tourism at three levels: at the level of vocational education for the profession gastronome-hotelier (chefs and waiters); at the level of technical education for tourism and catering technicians; at the level of vocational-technical education for the profession of gastronomy technician. Within secondary technical education we provide training for students in Health care and Beauty therapists and Pre-school education. It is a boarding school. Students from distant areas who cannot commute daily can stay in the school dormitory. Within the school premises, there is also a restaurant, where students can get practical work experience in catering. School also organizes and supervises students' work experience in hotels, restaurants, kindergartens, health-care centres and other institutions in the local area.</p> <p>The school is renowned for successful cooperation with the local community, catering and tourism businesses in the region, food manufacturers, health-care institutions and kindergartens. Our students get work experience in these institutions and companies. In the current school year (2017/2018) 655 students, aged between 15 and 19 years attend school and there are 87 employees.</p>
