

## POSTER

**General abstract** (max. 200 words) which should contain the following:

Describe your poster: what are the central practice-based research questions, the methodology used, the research results and main conclusions for educational practice?

**Extended summary** (max. 1000 words) which should give an answer to the following questions:

1. Which theoretical background and/or earlier research results is the research project based on?
2. What is the main topic or central practice-based research question addressed?
3. Which research design, instruments and methods for data analysis are used in the research as presented in the poster?
4. What are the research results or your hypotheses in case of ongoing research?
5. What are the main conclusions and/or interpretations drawn in this practice-based research?
6. How does the practitioner research support the current field of practice-based educational research and/or how does it improve (future) educational practice?

### List of references

Please include your list of references as an attachment.

### Review questions (1-10 Rating Scale)

1. Is the theoretical or practical background of this practice-based research clear and justified?
2. Is the topic and/or research question(s) clear?
3. Are the research design, instruments, and methods of analysis appropriately chosen and rigorously implemented?
4. Are the research results clearly described and justified?
5. Are the conclusions and interpretations drawn in this study presented clearly and justified (i.e. by the data, results or examples)?
6. Does the research address important current and/or new and emerging issues within the field of practice-based educational research or offer ideas for practice improvement?
