

ROUNDTABLE

General abstract (max. 200 words) which should contain the following:

Describe your planned or ongoing practice-based research: what are the central research questions, the outline of the research design and methodology to be used?

Extended summary (max. 1000 words) which should give an answer to the following questions:

1. Which theoretical background and/or earlier research results is the planned or ongoing practice-based research based on?
2. What are the research questions in this planned or ongoing practice-based research?
3. Outline the research design, instruments and methods for data analysis that will be used in the research as presented.
4. How does the planned research support the current field of practice-based educational research and/or improve educational practice?

List of references

Please include your list of references as an attachment.

Review questions (1-10 Rating Scale)

1. Is the theoretical or practical background of this practice-based research clear and justified?
2. Are the research questions clear?
3. Are the planned research design, instruments, and methods for analysis appropriately chosen and rigorously planned?
4. Does the research address important, and/or new and emerging issues within the field of practice-based educational research or offer ideas for practice improvement?
