

WORKSHOP

General abstract (max. 200 words) which should contain the following:

Describe your workshop: what is the workshop about, what are the aims of the workshop, what methods will be used?

Extended summary (max. 1000 words) which should give an answer to the following questions:

1. Which theoretical background and/or research results is the workshop based on?
2. What methods will be used in the workshop to create hands-on experiences for the participants as practitioners and/or practitioner researchers? Please consider any type of media and specify the method, tool, format,... chosen.
3. What goals do you wish to reach during your workshop and what are the expected learning gains for the participants of your workshop?
4. To which extent will the workshop deal with practical application, implementation and/or evaluation of educational themes and innovations (e.g. methods, tools, ...)
5. How does the workshop support the current field of practice-based educational research and/or improve educational practice?
